Chairperson’s Report

The website for Nicotine Anonymous World Services (NAWS) Conference #36 went live in December. By the end of January, only two people had registered...and I was one of them. And yet, the Planning Committee did not panic. We knew as addicts that we sometimes procrastinate, so surely we’d get at least 60 people to register by April. What we didn’t foresee or expect was the fantastic final count: 157 registrants, of whom 53 were delegates, representing more than 22 states, 5 countries, and 3 continents. Wow! Thanks to all who attended and participated in our cherished annual event. And endless thanks to the conference planning committee: Chair Jan S, Sharon C, Jeanette S, Martha K, and Maggie L.

With Recovery as our Anchor, it turned out to be a very productive year after all. Two new pieces of literature became conference-approved: the “Freedom from Vaping Nicotine” pamphlet and the new daily meditation book “Reflections on Freedom: Daily Meditations on the Steps of Recovery.” Both are great additions to our impressive library. The vaping pamphlet was Annette A’s “mission from God” and she carried it to the finish line. Kudos to Aimee C and Checko M for the countless hours spent on their 365+ page labor of love, and congratulations on getting it approved the first year out. Their diligence in getting so many people to review it beforehand and organizational skills in keeping track of and implementing all the suggested changes was truly inspiring and eminently effective. Thanks also to everyone who reviewed it. I read the entire book myself and I love how the principles of our program can be gleaned within the prose.

The third piece of literature, The Nicotine Anonymous Etiquette card, was sent back to the drawing board. Some loved it the way it was, others felt it added no value, some insisted it should have more rules of etiquette, and still others want it bereft of all “should” statements. Great minds don’t always think alike. The Ad Hoc Etiquette/Inventory Committee will meet the first Sunday of the month at 6 pm ET. They will also meet the last Sunday of the month at 6 pm ET to work on an inventory tool for groups to self-evaluate how well they embody the 12 Traditions. If you are interested in being a part of this committee, please contact chickychick1031@gmail.com

Two new committees were created at the April 9th Board meeting. Marguerite B will be chairing the “Inclusive Language Committee.” This came out of a Public Outreach request to change the wording on a flyer from “fellowship of men and women” to “fellowship of people.” It was suggested it is time to revisit words written decades ago in the light of the current climate of inclusion and diversity. There is no intention to change the 12 Steps or 12 Traditions, but rather to create a list of suggestions that can be discussed at next year’s World Services Conferences. (And yes, I said World Services Conference. The Board voted to officially make it plural as this was confusing to many and frequently inconsistent.)

Our web guy Chris F will be chairing the “Website Improvement Committee.” We have many months left on the contract with our current service provider, so let’s spend that time to see what changes we want to make and determine if it is feasible to accomplish that on our current Zoho platform or if it is time to invest in...
The Twelve Steps of Nicotine Anonymous

1. We admitted we were powerless over nicotine—that our lives had become unmanageable.
2. Came to believe that a Power greater than ourselves could restore us to sanity.
3. Made a decision to turn our will and our lives over to the care of God, as we understood Him.
4. Made a searching and fearless moral inventory of ourselves.
5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. Were entirely ready to have God remove all these defects of character.
7. Humbly asked Him to remove our shortcomings.
8. Made a list of all persons we had harmed, and became willing to make amends to them all.
9. Made direct amends to such people wherever possible, except when to do so would injure them or others.
10. Continued to take personal inventory, and when we were wrong, promptly admitted it.
11. Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry it out.
12. Having had a spiritual awakening as the result of these steps, we tried to carry this message to other nicotine users and to practice these principles in all our affairs.

The Twelve Traditions of Nicotine Anonymous

1. Our common welfare should come first; personal recovery depends upon Nicotine Anonymous unity.
2. For our group purpose there is but one ultimate authority—a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants; they do not govern.
3. The only requirement for Nicotine Anonymous membership is a desire to stop using nicotine.
4. Each group should be autonomous except in matters affecting other groups or Nicotine Anonymous as a whole.
5. Each group has but one primary purpose—to carry its message to the nicotinics who still suffer. An A.A. group ought never endorse, finance or lend the A.A. name to any related facility or outside enterprise, lest problems of money, property and prestige divert us from our primary purpose.
6. Every A.A. group ought to be fully self-supporting, declining outside contributions.
7. Alcohrics Anonymous should remain forever nonprofessional, but our service centers may employ special workers.
8. Alcohics Anonymous has no opinion on outside issues; hence the A.A. name ought never be drawn into public controversy.
9. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio and films.
10. Anonymity is the spiritual foundation of all our traditions, ever reminding us to place principles before personalities.

Our Preamble
Nicotine Anonymous is a fellowship of men and women helping each other to live our lives free of nicotine. We share our experience, strength and hope with each other so that we may be free from this powerful addiction. The only requirement for membership is the desire to stop using nicotine. There are no dues or fees for Nicotine Anonymous membership; we are self-supporting through our own contributions. Nicotine Anonymous is not allied with any sect, denomination, political entity, organization or institution; does not engage in any controversy, neither endorses nor opposes any cause. Our primary purpose is to offer support to those who are trying to gain freedom from nicotine.

I am happy to announce that Teresa Q has assumed the Archives Coordinator position. Jeanette S did a great job of compiling what we had and organizing it on our website. Teresa will work with Chris F to continue the safekeeping of our legacy and searching out any missing gaps. If you think you may have anything worth adding to the site, please click on the “email us” hyperlink on the Archives page.

Jeff M has volunteered to chair our Bylaws Committee. The Service Structure Committee did an amazing job of creating a survey to gauge the pulse of our Fellowship. Albeit not scientifically conclusive, we did get a diverse range of answers and opinions. All successful organizations want to look forward 10 years and envision where they want to be so they can adjust their sails and steer accordingly. Alicia R, with a level head and years of 12 Step experience, has been the perfect person to chair this committee, and I must shout out to Robin L for her arduous work on automating the survey and compiling the results. I would like to thank and show appreciation to our outgoing Board members: Marguerite B (officer-at-large), Angie B (secretary), and Sharon C (chair). Serving on the Board is a three-year commitment and A LOT of work! Thank you for staying the course, and for continuing on. Angie has now joined the Etiquette/Inventory Committee and Sharon and Marguerite are serving on the Policies & Procedures updating committee. Sharon is also helping to develop a new piece of literature, and as mentioned earlier, Marguerite will chair the new Inclusive Language Committee. Over the years many people have left the Board and left town - your continued dedication is admirable.

Thanks also to Ed T, who was treasurer emeritus last year, but will continue on as treasurer emeritus this year. (Too long of a story to explain here.) Ed is a huge asset and we need to figure out how to clone him ASAP. My eternal thanks also go to Secretary (now emeritus) Martina M who prevailed through many challenges this year and did an awesome job! Best wishes to our new active Board: Secretary Tammy T, Treasurer Lenna M, and my good buddy John D, Chairperson.

I also send a warm welcome to our newly-elected officers: Secretary-Elect Toni J, Treasurer-Elect Keith H, and Chair-Elect Tom H. I look forward to working with you this year and wish you the best of everything in the years ahead.

Most importantly, I want to thank all of the members of Nicotine Anonymous (yes, YOU!). This is a “we” program and together we can weather any storm. Perhaps previously just a cliché, we certainly proved that to be true in 2020. Recovery is our anchor! We stayed close and found the Calm in Calamity. It is always right there for the asking in “The Serenity Prayer.” It has been an honor and a privilege to serve as Chairperson of NAWS. Thank you for allowing me to be of service and to participate in my own recovery. I will remember this time with gratitude and a smile, and so I thank you for the memories.

Conference 2021: Recovery Is Our Anchor

In the afterglow of our history-making conference, I just want to thank our incredible committee, our Board, and most of all our attendees for making this experience so wonderful for everyone. Not only did we make history, we turned a corner and are now truly a worldwide family. I personally am not a huge fan of online meetings and went into the entire scenario reluctantly... but hey, it was all we had. However, the love between all of us, our love for our Fellowship, and our deep, deep sense of gratitude for being smoke-free came right through the screen. Something magical happened that weekend. All of the thanks goes to our Higher Power... I believe many good things will come from this conference. The best IS truly yet to come. Thank you from the bottom of my heart... As the song says, "Because I knew you, I have been changed for good!"
- Jan S  
Conference Chair, NAWS Conference 2021

Comments from attendees:
"Even though it was virtual; it felt just like a 'real' conference - every night I just wanted to go up to a nice clean hotel room bed! Y’all wore me OUT. It was my very first NAWS conference. I found Nicotine Anonymous in October 2020 and was blown away by how much I learned, how many years of support and friendship and love flowed through the rooms, how honest everyone was able to be and how powerfully the Traditions and HP kept things moving along."
- Jeanette

"From the beginning of Friday evening’s Gratitude Meeting through to the heartfelt spirituality talk that ended the conference, NAWS Conference 36 inspired members and provided them with an experience to be remembered. Onward to Little Rock and NAWS Conference 37!"
- Nick M

"Saturday’s main speaker, Bill P, was wonderful, sharing his decades of recovery as well as the history of our name change many years ago from Smokers Anonymous to Nicotine Anonymous. Another conference highlight was the sharing of our recent survey results which the NAWS board will be reviewing."
- John D

And from the FreeBridge Telephone Group:
"Such lovely faces. Such dedication and service. Such hope."

"My favorite part of the conference was going to the business meetings. I found them both fascinating and total drudgery. It made me grateful that people step up to do service and are always willing to help with the behind the scenes necessities. We wouldn’t have the precision to get anything done if it weren’t for these silent heroes!"

"It was great to see all the people who were there. Wendy did a great job speaking Sunday on spirituality. I really enjoyed the conference."

"It was really cool to meet new people, both long-timers and brand new quits. It was awesome to attend workshops and vote on/approve a new daily meditations book and a recovery from vaping nicotine pamphlet."

"The conference was a pleasure and an honor to be a part of. I got to be part of creating some amazing new literature. Thanks so much to the planning committee for helping us stay on track. Incredible what we can do together that we can’t do alone. “

Thoughts from Our 2021 Conference Registration Chair...

In some ways, having the World Services Conference remote-only this year, was the easiest to put together. (Last year we were planning an in-person conference, which morphed into a hybrid, which eventually became remote-only.) Going into it this year with the knowledge that it would be exclusively online took the pressure off and made the workload so much easier. (There’s no venue to secure, merchandise to order, literature and registration tables to man, which are just some examples of the many tasks involved for an in-person conference.) And then, there’s the expense and hassle of travel to an in-person conference. But...you can’t have impromptu conversations over breakfast with the friends you only see once a year, or while grabbing a cup of coffee at the back of the business meeting room. Or sneak up on someone you think would make a great Board member and begin the subtle pressure to convince him/her to accept a nomination. And the hugs...you can’t hug a computer. Well, I guess you can, but it doesn’t hug you back!

As with so many things in life, including using nicotine, there are plusses and minuses. What?? A plus to using nicotine? Yes, because the shame, despair and worry that brought me to the rooms of Nicotine Anonymous allowed me to discover an entirely new way to live, not just free of nicotine, but using the 12 Steps as a blueprint for living. The pandemic is heartbreaking for so many people, but because of the accompanying travel restrictions and safety issues, our entirely remote conference brought in people who would otherwise not have attended. We had our highest number of participants ever, which is a glorious silver lining to a tragic situation.

We voted to approve two new important pieces of literature, discussed ways to improve our meetings and our service structure, elected three new terrific servants to the Board and heard beautiful messages from our speakers as far away as Thailand where it was already tomorrow. We shared our gratitude, our sadness, and our hopes for better days to come.

Surrender...

To me, surrendering always meant to be the weakling, to say "uncle," to give up. The irony is that to quit smoking I had to surrender in a new way. In my early online meetings with Voices of Nicotine Recovery, I heard someone say out loud that she LOVED surrendering. And she visualized herself falling into a warm, soft, loving, safe place. So I tried it, using a little quiet meditation moment - it felt quite nice. OK, I can do this!

It took having that safe place in my head and heart to be able to put the smokes down and walk away. I found with a little practice that I could call on HP, ask for help, or just take a moment to be with my Higher Power. Surrendering asks me to let go and let God be in charge. Since the list of things I can control is pretty short, I can just relax and do the next right thing, and BREATHE!

Every time I surrender, my HP loves and accepts me, no matter what. During the scariest and most stressful times when the cravings get strong, I trust that HP is there and I ask for help. Help appears. It's a miracle! And then the good stuff starts happening.

Today I have a number of years nicotine-free. I can laugh without hacking myself to death. I can smell, and oh, food tastes so good! I have energy! And can I ever use the 12 Steps to help work through all of the new feelings!

To me, surrendering is about taking that intentional step off the cliff into the abyss on faith that the support will appear...like in the Indiana Jones movie. Surrender has come from the tiniest inkling of trust and belief in things unseen.

It takes practice, just like all of recovery.

**Being Restored to Sanity Through Step Two...**

I used to say that being restored to sanity was almost something primordial. Now that I actually have experience with it, I have a working, evolving definition of sanity. Today, sanity looks like freedom, i.e. not picking up a drug that wants to kill me (nicotine). That one’s a given. But for me sanity also looks like breathing before speaking, breathing before acting, reaching for my HP, connecting to my HP, serenity, seeing the big picture and remembering - or at the very least, entertaining - that there COULD BE a bigger picture than the issue at hand; that whatever the problematic issue is, it is not ALL there is.

**Our New NicA Meditations Book...**

At a workshop during the all-virtual 2021 NicA World Services Conference, a few dozen of us edited the new daily meditations book together online to ensure that the wording carries the message. For many members who worked on the manuscript over the past several years, it was a glorious moment when the delegates later voted unanimously to accept the new book as “conference-approved.” The title is *Reflections on Freedom: Daily Meditations on the Steps of Recovery*, written by Members of Nicotine Anonymous (NicA).

We’re still working on the preface and index, and should finish them shortly. After that, the book goes to the digital designer, who will prep the book for printing. We will make the book available electronically as well.

Hopefully the new book will be available by the end of the year. Exciting!

**From the SevenMinutes Archives**

The following first appeared in our September 2014 issue.

I just received the latest Seven Minutes and read it with great joy. Tomorrow I will be 4 years free from nicotine, thanks to a NicA meeting - the only one in Toronto at the time. (Don’t ask me why, since we are a big metropolitan city of 3 million people, with 7 million more in the province, and many, many thousand other "A" meetings all over, filled with smokers!)

I remember crying at my first NicA meeting because I knew when it was over, I was going to go outside and smoke. I didn’t think I could get even 1 day free from smoking. There were no sponsors at my group but I bought the Nicotine Anonymous book and started reading it.

At first I just couldn’t get Step 1. I knew I was powerless, but my life didn’t seem unmanageable from smoking. I only smoked about 4 packs per week (we have large 25-packs here) and while I was sometimes disgusted by my habit, most of the time it seemed okay. I could afford it, I wasn’t sick, etc. This scared me because it seemed like there would never be a good time to quit if I kept on ‘enjoying’ it. I wanted to start a family and didn’t know how to make myself quit. I had friends who smoked all through their pregnancies and they seemed unable to quit. That’s when I came to NicA and found the missing pieces...I can’t believe I didn’t see the unmanageability before!

My favorite piece of literature at first was the Serenity Prayer for Nicotine Users pamphlet. It was a new idea for me that the cravings would pass whether I indulged them or not. I had never NOT indulged them since I was 15 years old.

There is currently no NicA in Toronto that I know of*, but I continue to order the literature to pass out to friends who are considering quitting. I keep praying my husband will quit. We have two little children now and I am so grateful I don’t have to constantly leave them to go outside and smoke in the freezing Toronto winters – or worse yet, smoke indoors and harm them. My pregnancies were nicotine-free, thanks to Nicotine Anonymous.

I share the NicA internet link and tell my friends about the program. When my babies are a bit older, I hope to start a live meeting here in Toronto.

Thank you so much and keep on keeping on! Life is good!

An Inventory of NicA Groups: A Status Report...

The Ad Hoc Etiquette Card and Group Inventory Committee continues to meet twice a month. Since the NAWS Conference, the committee has doubled in size. At 6 pm the first Sunday of every month we meet to review the Etiquette Card and on the last Sunday we continue the path of making up questions to help understand the Traditions, to use as a meeting topic, or to utilize for a Group Inventory. Suggestions are also received via email and brought to the Committee. The last week of April we reviewed Traditions Five and Six and these were the results:

Tradition Five – Each group has but one primary purpose – to carry its message to the nicotine addict who still suffers.
1. Can members of the group identify the primary purpose of the group in Nicotine Anonymous? In what specific ways does this occur?
2. Does the group respect all nicotine addicts who still suffer, not only the newcomer? How?
3. Is the difference of individual communication styles welcomed so members feel comfortable sharing?
4. How is it evident that the group is unified and nonjudgmental towards individual members?
5. Do members realize that people are at different places in their recovery and expectations often block understanding and unity? In what specific ways can these ideas be applied?
6. Does the group foster hope and support to all and not provide special treatment or favors to anyone, however well-intended?

Tradition Six – A Nicotine Anonymous group ought never endorse, finance, or lend the Nicotine Anonymous name to any related facility or outside enterprise, lest problems of money, property, or prestige divert us from our primary purpose.
1. Are there ways the group diverts attention from NicA’s primary purpose?
2. How do discussions within groups about outside organizations regarding smoking, chewing, nicotine replacement therapies, and/or vaping confuse a member’s need for Nicotine Anonymous?
3. Is your group supporting or endorsing any author, publication, or organization outside of NicA?

Any one interested in joining this Committee is asked to contact me at chickychick1031@gmail.com.

Surrender to Win...

An addictions counselor once told me, “You have to surrender in order to win.” I remember thinking that sounded crazy, but now I know it’s one of those paradoxes of recovery. The only way I could “win” against my nicotine addiction was to give up, surrender, cry “uncle.” Once I did that, my Higher Power stepped in and rescued me from its clutches.

It’s a simple truth that took me a long time to comprehend. I kept trying this or that technique — switching brands, cutting back (fat chance), nicotine replacements — on and on, trying to fight my way to sobriety. None of it worked. It was only when I quit trying, gave up in utter defeat, that I finally got freedom. With that surrender, I got out of the way and HP did for me what I could not do for myself.

The Simple Approach to the 12 Steps

1. There's a power that will kill me.
2. There's a power that wants me to live.
3. Which do I want? (If you want to die, stop here. If you want to live, go on.)
4. Using examples from your own life, understand that selfishness, dishonesty, resentment, and fear control your actions.
5. Tell all your private, embarrassing secrets to another person.
6. Decide whether or not you want to live that way anymore.
7. If you want your life to change, ask a power greater than yourself to change it for you. (If you could have changed it yourself, you would have long ago.)
8. Figure out how to make right all the things you did wrong.
9. Fix what you can without causing more trouble in the process.
10. Understand that making mistakes is part of being human. (When you make a mistake, fix it immediately if you can.)
11. Ask for help to treat yourself and others the way you want your higher power to treat you.
12. Don't stop doing 1 through 11, and Pass It On!

Free me from fantasy and fear.

Inspire and direct my thinking today; let it be divorced from self pity, dishonesty and self-seeking motives.

The Facts...

During my decades of nicotine dependency, I had to slowly let the facts of my addiction surface to consciousness. And the facts were: all my adult life I had used tobacco as a substitute for real confidence, as a substitute for loving myself, as a substitute for trusting people. I used a smoke screen to hide from the enemy.

At last I knew my enemy - I had to examine myself. I knew that my thinking and my behavior had to change. I also knew I had to find a new "best friend."

Thank God I found Nicotine Anonymous.

Why: Not everyone has access to meetings. This is a great way to connect with other addicts from around the world.

How: Contact either email address above to begin connecting.
The roots of Nicotine Anonymous first took hold in the Southern California living room of one of the co-founders, Rodger F., in February of 1982. At virtually the same time the same thing was happening in the rooms of a Twelve Step recovery club in San Francisco, called the Dry Dock, operated by our other co-founder, David M. Both groups consisted mostly of Alcoholics Anonymous members who realized their need to focus on their nicotine addiction and to stop smoking. Since anything but alcohol is considered an outside issue for Alcoholics Anonymous, a separate fellowship was deemed necessary.

With permission from Alcoholics Anonymous, the founding members of our fellowship adapted the Twelve Steps and Twelve Traditions. Although there is common ground in the use of the Twelve Steps and Twelve Traditions, these fellowships are not affiliated. Alcoholics Anonymous also gave us permission to adapt their preamble. Our Preamble became the following:

Nicotine Anonymous is a fellowship of men and women helping each other to live our lives free of nicotine. We share our experience, strength, and hope with each other so that we may be free from this powerful addiction. The only requirement for membership is the desire to stop using nicotine. There are no dues or fees for Nicotine Anonymous membership; we are self supporting through our own contributions. Nicotine Anonymous is not allied with any sect, denomination, political entity, organization or institution, does not engage in any controversy, neither endorses nor opposes any cause. Our primary purpose is to offer support to those who are trying to gain freedom from nicotine.

Maurice Z., an early member of the Southern California group, authored an article for Readers Digest in May of 1985. Thousands of letters poured in from people wanting to know more about this new 12 Step fellowship known then as “Smokers Anonymous.” Among those letters was one from the members of the San Francisco group, informing the Southern California group that they had formed a group in the same time frame as the Southern California group in 1982, using the same name and structured around the same principles. Within a year of Maurice’s article there were about a hundred such meetings identified in several areas of the United States.

Although two informal “meet-and-greet” style conferences were held in 1986 and 1987 in Bakersfield and Monterey, CA, the fellowship’s first official World Services Conference was held in San Francisco in May of 1988. Thanks to a well-documented chain of events the fellowship was renamed Nicotine Anonymous in Phoenix, Arizona at the 1990 World Services Conference. As with most organizations, it becomes typical to use an abbreviated name. For our common welfare and unity, a vote at the 2000 World Services Conference in Scottsdale, Arizona decided that NicA would be the one abbreviation the fellowship would use.

Each year we hold a conference in the spring, and all members are invited to attend. This annual conference is held in various parts of the United States, depending on members who volunteer to host the event. The conference serves to strengthen us in our path to freedom from nicotine and as an official meeting to address fellowship business.

Nicotine Anonymous World Services serves a worldwide fellowship with meetings in the United States and around the world. Face-to-face meetings have been supplemented by both online and telephone meetings. There is a well-managed web site and literature fulfillment service available to the membership. The elected all-volunteer board consists of nine members and meets at least quarterly. There also are numerous coordinators who volunteer to provide specific services that help World Services fulfill our fellowship’s primary purpose - “to offer support to those who are trying to gain freedom from nicotine.”
